eilo.org internet radio

EILO.org is a multichannel internet radio specialized in broadcasting electronic music of all styles. The radio is supported by famous and not so famous DJs and producers, some of them having their own live shows broadcasted on special days and hours.

The users can not only listen to music in real time, they can download, vote, comment on it make their own playlists with the sets they like most and many other things!

The whole content is under a Creative Commons license, which makes EILO.org one of a few free online radios in the world.
